**CENTURY
ActionFlex Bo Staff**

The ActionFlex padded staff is ideal for developing fighting strategy and technique. Made with sure-grip shock absorbing material, this ActionFlex staff is designed to allow students to spar and practice without holding back. It is always recommended that participants wear padded weapons headgear and other gear when training with padded weaponry.

Tegu Headgear

Tegu is the start of a performance renaissance with a design never before seen in martial arts headgear. It not only boasts a custom fit, low-profile design, and lightweight and breathable construction, but Tegu has also been independently tested for high-, medium-, and low-impact absorption, with outstanding results. An unparalleled industry breakthrough, Tegu is the future of martial arts headgear for today's martial arts athlete.
